We remain shocked and saddened by the tragic loss of Dr. Ben Mauck. Our hearts are heavy, and we are keeping Dr. Mauck's family, friends, and colleagues in our prayers at this time.

We also recognize that we have a duty to continue providing timely services for the patients who depend upon us for care. To that end, all locations have resumed standard business hours, except for our Collierville location which will remain closed.

We recognize that returning to work may be accompanied by various emotions and we want to assure you that the safety, and mental and emotional well-being of our employees and patients is of the utmost importance to us.

You will notice additional safety measures at all locations, including increased security presence and security patrol. We have also requested local law enforcement to increase their patrol of our locations.

We would also like to take this opportunity and extend a heartfelt thank you to all those that have reached out with messages of condolences and support. Thank you for loving the Campbell Clinic family as your own.

FOR IMMEDIATE RELEASE

(Collierville, TN) Earlier today, we experienced a single shooter event inside our Collierville clinic.

We are shocked and heartbroken to confirm the incident resulted in the tragic loss of one of our highly respected and beloved physicians, Dr. Ben Mauck. We ask that you please lift his family in prayer.

During this difficult time, we will be working through many details and will keep you updated as we are able.

We have decided to close all Campbell Clinic locations tomorrow, July 12 and will communicate the reopening of all facilities at a later time.

We appreciate our local law enforcement officers who responded within minutes. We will continue to work closely with authorities as this remains an active investigation.

Our priorities remain Faith, Family and Patient Care. At this time, we ask for your prayers for the entire Campbell Clinic family, as well as for the privacy of Dr. Mauck's family.
